Results:

- 15 members responded
- The average score response was 2.8, indicating a strong level of support from the BDT
- The lowest response was a 2
- 12 of 15 responded with a 3

Comments/Concerns/Questions:

- Feel many questions and concerns have not been answered
- What would new ratios be?
- CB has 10 acres.
- CB has empty classes too, they are just having small groups use them instead of letting them be empty.
- How will safety needs be met at HGMS?
- Does IC have the capacity needs for the future?
- Forums need to clearly state on the flyers
Possible school closure. Some parents are unfortunately still confused.
- Parking at IC.
- Concern with things running as smooth as possible.
- CB should not automatically be considered as school for closure and we definitely need to stop pretending it is not.
- We seem to have community buy-in for this now. Everyone is positive and willing to help We need to do what I best for students. Saving money on facility usage keeps \$ in classroom.
- Would be silly to not do now since there is a great savings. More positives than for 5th grade at HG.
- The sooner we can do this the better.
- I am concerned that if we do not push forward on this opportunity for this amount of savings that we will regret it.
- Now
- More of a chance to provide more support to students and staff.
- It makes so much sense. There is no reason why we shouldn't when looking at the bottom line.
